

DESCRIPTION

The Aria chair is designed to offer the perfect balance between aesthetics and functionality, making it ideal for furnishing waiting areas, meeting rooms, and contemporary workspaces. The soft, enveloping lines of the Aria chair provide not only a pleasing aesthetic but also exceptional comfort, thanks to its ergonomic structure and high-quality materials. Despite its minimal thickness, the seat ensures optimal support, making it perfect for extended use. The collection stands out for offering two different base options: a conical steel base, which gives a modern and industrial look, and a five-star base, synonymous with stability and practicality, ideal for operational settings. Whether used to furnish welcoming waiting areas or in dynamic spaces such as meeting rooms, Aria stands out as a sophisticated and functional choice, enriching any environment with class and understated elegance.
