DESCRIPTION

The B2 chair stands out for its ability to adapt to different settings thanks to three types of bases: wooden, conical steel, or five-star. These variations offer versatile and stylistically diverse solutions, ideal for elegantly and functionally furnishing waiting areas and welcoming meeting rooms. The soft and compact lines of the B2 chair, combined with a minimalist design with reduced thickness, ensure high comfort without compromise. Every detail has been carefully designed to create a refined seating collection, perfect for professional spaces that require both style and practicality. B2 represents a sophisticated choice, capable of combining modern aesthetics and comfort in any environment.
