DESCRIPTION

Genesi is a versatile seating system designed for flexibility and completeness. It offers numerous combination options between frames, backrests, seats, and accessories, making it adaptable to various settings such as offices, conference rooms, educational environments, and co-working spaces. The chair's comfort is ensured by a carefully crafted and ergonomic design, while an innovative technical solution allows the assembly of the backrest, seat, and armrest components without the use of screws. This innovation not only ensures high practicality but also helps reduce the overall number of components.
