

MODEL THREE 1000

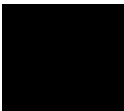

81-08

D.LGS. 81
del 2008

DESCRIPTION

The main innovation of this model is the new breathable mesh seat, designed to provide optimal ventilation and superior comfort during long hours of use. The mesh, in addition to ensuring lightness and modernity, contributes to advanced ergonomic support, complementing a design already conceived to promote postural well-being. Built for reliability and durability, the Model Three chair is designed to withstand intensive use, making it the ideal choice for those seeking long-lasting performance and superior quality. Perfect for contemporary offices, conference rooms, or coworking spaces, this chair represents the perfect blend of style, comfort, and ergonomics. Its functional design, combined with high-quality materials, provides an ergonomic seat that fully supports the user, promoting correct posture even during extended work hours. With its new mesh seat, Model Three establishes itself as a cutting-edge solution to meet the needs of modern and dynamic professional environments.
