

DESCRIPTION

The Nexa ergonomic chair collection is designed to offer the perfect balance between modern design and advanced comfort. Available with two mechanism options – permanent contact or synchronized – the chair allows users to adjust the level of support and mobility according to their preferences, ensuring stability and comfort in every position. Thanks to its versatility, this chair can be customized to meet the user's specific needs, both in terms of aesthetics and functionality. Ideal for operational offices that require practical yet elegant furniture, this seating solution combines ergonomics and style with its lightweight yet sturdy structure. Perfect for those looking for a contemporary design without compromising the comfort and stability needed to get through an intense workday.
