del 2008

DESCRIPTION

The Slim office chair stands out for its more compact dimensions, making it ideal for work environments where space is a crucial factor. The fixed backrest, upholstered in black mesh, is paired with an adjustable height padded lumbar support, ensuring superior ergonomics and comfort throughout the entire workday. Designed to offer maximum strength and durability, the structure features a steel blade that ensures robustness even in more intensive use, meeting the demands of the most demanding professional environments. As standard, it is equipped with a 3-block synchronized mechanism and seat depth adjustment (slider) for optimal comfort customization. Essential and functional, the Slim chair combines practicality and advanced performance, making it the perfect choice for modern and dynamic offices that require reliability and simplicity in a compact design.
