

DESCRIPTION

The Star seating collection is entirely made of perforated steel, coated with epoxy-polyester powders to ensure resistance and durability. Available in classic black or, upon request, in elegant glossy gray, this line of seating combines functionality and aesthetics in a minimalist and modern design. Designed for healthcare environments and other spaces where sanitation is a priority, the Star collection represents an ideal choice due to its ease of cleaning and the robustness of the materials. Perfect for those seeking a versatile solution with a professional look, this collection adapts to demanding settings without compromising on style.
