## DESCRIPTION

The Tendencia 24-hour chair, with its exclusive and patented design, is engineered to deliver high performance and exceptional durability, supporting a maximum weight of 150 kg for continuous, intensive use, 24 hours a day. This version stands out for its wide seat with a double-layer beech wood structure, a reinforced mechanism, an aluminum base, and adjustable 4D armrests made of aluminum and plastic material, offering the highest level of ergonomics and comfort. Every detail has been carefully designed to ensure a superior seating experience, combining advanced functionality with harmonious lines that make it perfect for operational and semi-operational environments. For even greater comfort, the chair can be equipped with a padded or mesh headrest, adapting to the specific needs of the user. With its combination of robustness, technology, and style, the Tendencia chair represents a high-end furniture solution, capable of meeting the most demanding requirements in terms of design, ergonomics, and durability.
