DESCRIPTION

The Tucan armchair represents the evolution of the Home Office seating concept, combining contemporary aesthetics with advanced functionality. Its clean and minimalist design, defined by essential lines and a modern look, fits seamlessly into any environment, from domestic to professional, enhancing the space with discretion and elegance. Designed to ensure maximum comfort throughout the working day, Tucan features an integrated lumbar support in the backrest, promoting correct posture and reducing tension in the lower back area. The synchronized anti-shock mechanism guarantees smooth and controlled movements, offering a dynamic and secure seating experience. The armrests, which can be lifted, rotated, and adjusted in depth, allow for complete customization, adapting to the ergonomic needs of every user. The structure of the armchair is solid yet visually light, and every detail is carefully crafted to provide a sense of well-being and practicality. Tucan is not just a work chair: it is a solution designed for those who seek a high-performance product that combines comfort, style, and functionality in a single offering.
